Professionals' Week

Sunday April 19 to Saturday April 25

Administrative Professionals truly are at the core of public service in Nova Scotia. They are the smiling faces greeting the public, the capable voices answering questions, and sharp minds keeping workplaces organized and running smoothly.

The NSGEU represents over 6,000 Administrative Professionals throughout the province. We recognize the important role they play in their workplace as we celebrate Administrative Professionals' Week (from April 19 to April 25) & Administrative Professionals' Day (Wednesday, April 22).

So, thank you for the work that you do for all Nova Scotians!
